

Product Specifications

HypaCover Self Seal Finger Dressing

- Low adherent sterile dressing pad on elastic bandage
- Provides protection and cushioning for finger wounds
- Soft and stretchy construction
- Self-sealing adhesive strip makes bandage easy to attach
- Available individually or in a pack of 12 bandages

The HypaCover Self Seal Finger Dressing is an ideal first aid extra. The low adherent sterile dressing provides excellent protection and cushioning for wounds on fingers and thumbs. Furthermore, the HypaCover Self Seal Finger Dressing is easy to apply, being held in place with an adhesive strip that is attached to one side of the dressing, and the super stretch material makes the bandage fit to all finger sizes. Available individually or as a pack of 12.
